

Which Anodes Should I Use?

Chart Merc-B

For Mercruiser Outdrives:

- 1) With no AC Shore Connections; or
- 2) Having AC Shore Connections with Galvanic Isolation

	Bravo 3	Bravo 2	Bravo 1	Alpha 1 Gen II	Alpha 1
Salt Water	Al	Al	Al	Al	Al
Brackish Water	Al	Al	Al	Al	Al
Fresh Water	Mg	Mg/Al	Mg/Al	Mg/Al	Mg/Al

- (1) Do not use magnesium anodes if your Mercruiser outdrive ventures into salt water. They can damage the outdrive's paint and metal.
